~~Ever After~~
Ever After estem

In a certain place, there was a novelist who decided never to show himself in public.

Every book he published was a best seller.

In order to get him to write a book, his powerful editor had to visit him at his home.

He slammed the door in his face, because he couldn't bear to look him in the eye.

Before he knew it no one came to visit his estate deep in the woods.

I can't go home until I get the manuscript, but the prospects are incredibly dark...

Even if I tell Sensei I'm a fan...

Knock Knock

His name is Belmont, and he's a half-baked new editor.

I have an appointment. I'm with Etoile Publishing...

Excuse me, please...

At home?

Is any-one...

Excuse me!

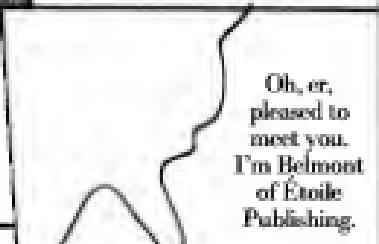

Eek!

Oh, er,
pleased to
meet you.
I'm Belmont
of Étoile
Publishing.

Humph.

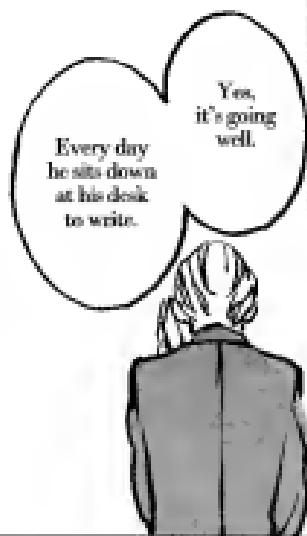

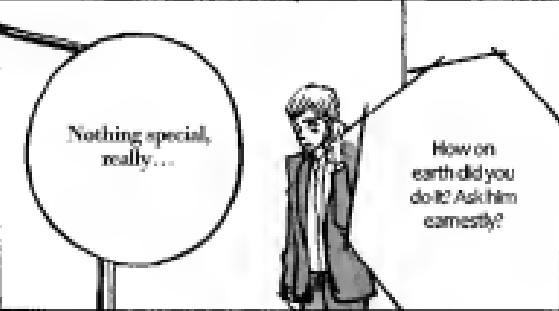

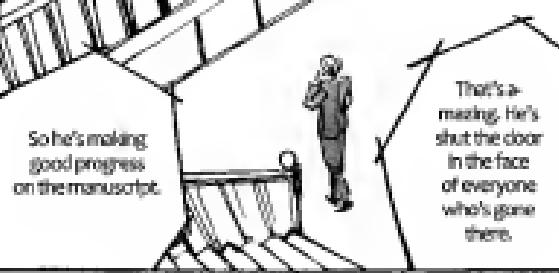

I'm here to
receive your
new man-
uscript...

When I encountered his works at age 15, it was like being struck by lightning.

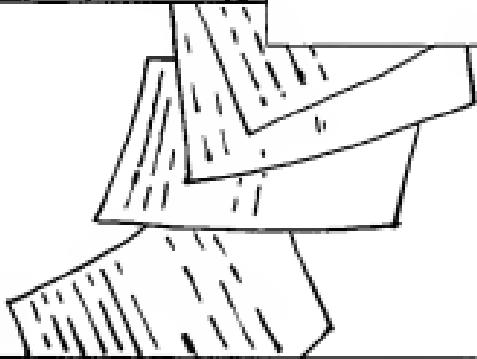

From morning to night, I'd hole up in my father's library.

I was an aspiring novelist. I've been a bookworm since I was little.

"These are the stories I've been seeking."

As an aspiring novelist, I would do anything to get a publishing job, if only I could work with him.

That's what I said...

I really like this one. How many times have I read it?

This really takes me back.

Every one of Sensel's works since his debut.

What's this one? It doesn't have a cover...

How could I not have known about this work of Sensel's?

When did it come out...?

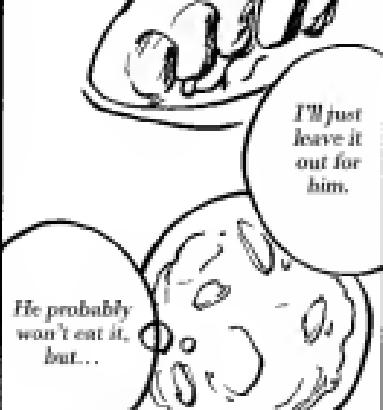

Don't touch it without asking.

What, it's another author? But this style is...

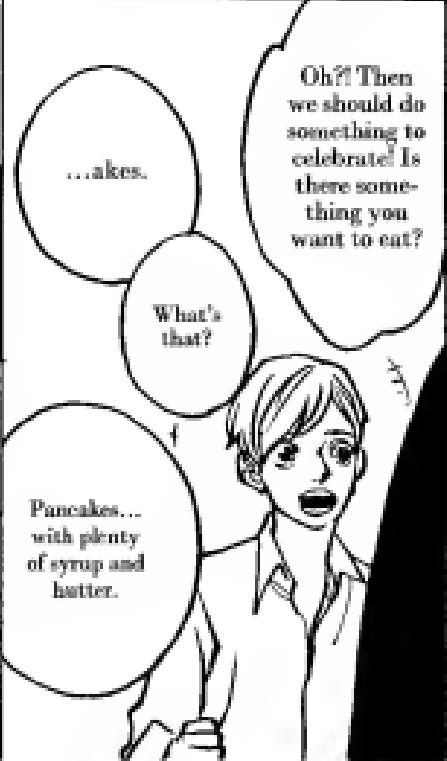

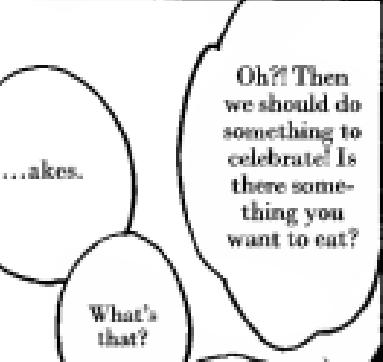

Oh!

Oh?

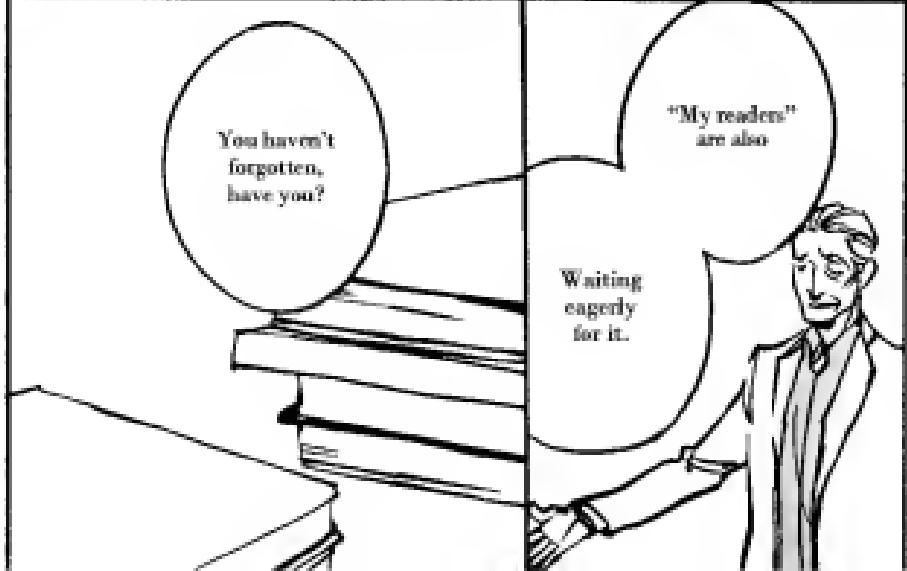

If you
can't make
them, then
anything
will do...

Thanks to that first book, you got fame, and I got money.

You would never have made your debut.

If it weren't for me, the "famous editor,"

This manuscript goes to me, and you get the next one.

It's not hard for someone with your talent, is it?

No...

That's true.

!?

I didn't
make a
back-up.

This was the
only copy.

Watch
out!

You

Son
of a
bitch!

Your work
is important,
but you are
even more
important.

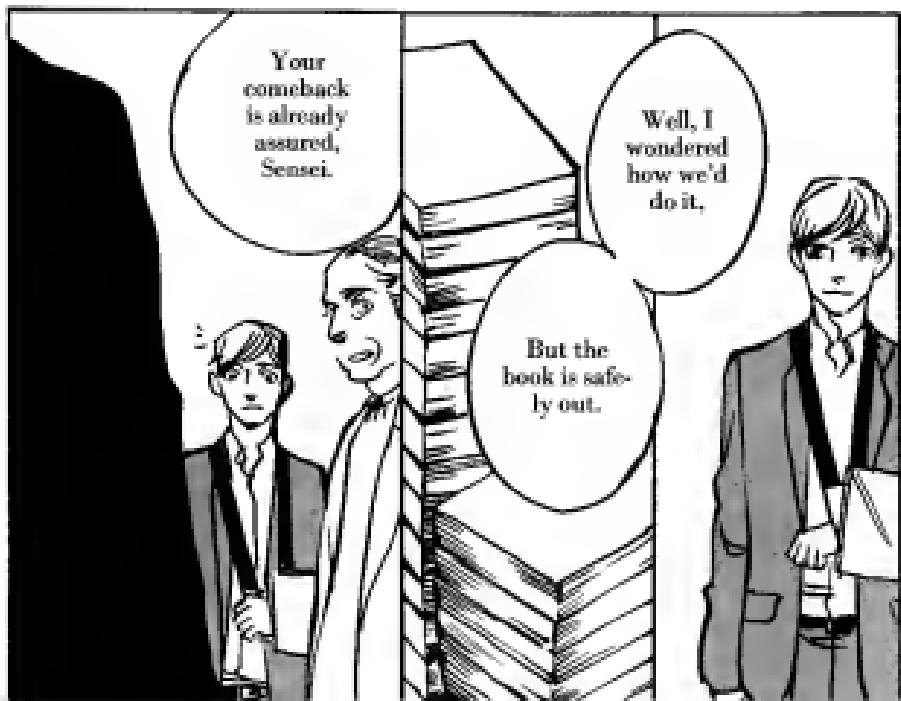

Hehheh.
I'm glad
you're safe,
Sensei.

You fool!
Why?!

So the pancakes
will have to
be postponed.

But you
didn't finish
your book.

Your
comeback
is already
assured,
Sensei.

Well, I
wondered
how we'd
do it,

But the
book is safe-
ly out.

Er... who
are you, sir...?

!?

So I tried
d dieting...

I wanted
to become
more suited
to you...

Eat it all up!
Please go
back to how
you were!

That
is so not
cute!
